

DL::DelegateBase

```
graph BT; A[DL::Delegate2< ReturnType, ClassType, Param1, Param2 >] --> B[DL::DelegateBase];
```

A diagram illustrating inheritance. A dark blue arrow points upwards from a black box at the bottom to a white box at the top. The white box is labeled 'DL::DelegateBase'. The black box contains the text 'DL::Delegate2< ReturnType, ClassType, Param1, Param2 >' in white.

DL::Delegate2< ReturnType, ClassType, Param1, Param2 >
