

DL::DelegateBase

```
graph BT; A[DL::Functor4< ReturnType, Param1, Param2, Param3, Param4 >] --> B[DL::DelegateBase]
```

A diagram illustrating inheritance. A dark blue arrow points upwards from a black box at the bottom to a white box at the top. The white box is labeled 'DL::DelegateBase' and has a black border. The black box at the bottom contains the text 'DL::Functor4< ReturnType, Param1, Param2, Param3, Param4 >' in white.

DL::Functor4< ReturnType, Param1, Param2, Param3, Param4 >
