

DL::DelegateBase

```
graph BT; DL::Functor0 --> DL::DelegateBase
```

The diagram illustrates a class inheritance relationship. At the top, a white rectangular box with a black border contains the text "DL::DelegateBase". Below this box, a dark blue arrow points upwards towards its bottom center. At the bottom of the diagram, a black rectangular box contains the text "DL::Functor0" in white. This visualizes "DL::Functor0" as a derived class that inherits from the "DL::DelegateBase" base class.

DL::Functor0
